Highlights:

- Already over 180 participants for next MAGI conference
- MAGI Model CTA updated

Over 170 participants already for next MAGI conference

MAGI's next Clinical Trial Agreements & Budgets Conference will be held in San Diego on September 30 to October 3. We already have over 170 participants, so the conference may sell out. Do you work on clinical trial budgets? Our new track on budgets, reimbursement and payments includes 10 sessions and a workshop. Do you do investigator-initiated or Phase IV trials? Four new sessions explain IIT and Phase IV contracts and budgets. Information is at <http://www.iibig.com/conferences/P0706/overview.html>

MAGI Model CTA updated

The new version of the MAGI Model CTA includes a variety of tweaks.

Join MAGI today

MAGI's flexible model clinical trial agreement streamlines the process of negotiating clinical trial agreements, thereby taking months out of the drug development timeline and speeding medical products to market. It also reduces study start-up costs and aggravation for sponsors, sites and CROs. Our 2,400+ current members represent most of the major players in the industry.

Membership is free. Members agree to read our model CTA and suggest questions and improvements. By participating, you are not obligating your organization to use the model agreement. Learn more about joining MAGI or sign up today at <http://www.firstclinical.com/magi/>
