New regulatory track at next MAGI conference

MAGI's next Clinical Trial Agreements, Budgets & Regulatory Conference will be in Arlington, VA on May 18-21, 2008. Due to popular demand, we have added a new track that will focus on the practical aspects of regulatory compliance. Compliance is essential, but we also have to get the work done.

Our 2007 conferences each attracted almost 300 participants from sponsors, sites and CROs. The 2008 conferences will be larger, with over 74 speakers presenting 45 sessions in four tracks plus seven workshops.

MAGI conferences feature balanced co-presentations from sponsors, sites and CROs, real-life examples, practical tips, and lots of interaction and networking.

Conference may sell out

With over 300 registered attendees, we have already passed last year's record attendance. There is a good chance this conference will sell out, so register today if you want to attend.

Join MAGI today

MAGI's flexible model clinical trial agreement streamlines the process of negotiating clinical trial agreements, thereby taking months out of the drug development timeline and speeding medical products to market. It also reduces study start-up costs and aggravation for sponsors, sites and CROs. Our 2,400+ current members represent most of the major players in the industry.

Membership is free. Members agree to read our model CTA and suggest questions and improvements. By participating, you are not obligating your organization to use the model agreement. Learn more about joining MAGI or sign up today at <http://www.firstclinical.com/magi/>
